

# Can Healthy Soil Harvest More Rain?

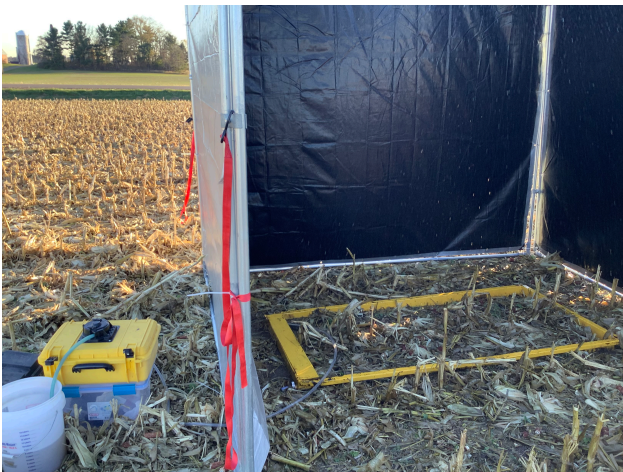

Please join us for :

**Dennis Busch - Water Resources Management Group LLC.**

The Director of the Water Resources Management Group will discuss findings on water, soil, and nutrient runoff from test plots under simulated rainfall conditions.

**Dane Christenson - Polk County Land & Water Resources**

Will provide an update on test plot methods, cropping season findings, and 2021 test plot year in review.

Rainfall simulation November 2021
